# Support Engineers Without Borders (EWB):

What we do.

**EWB IN CANADA**

We engage the engineering profession, government, corporations, and the Canadian public to take steps to reduce extreme poverty.

**EWB OVERSEAS**

We work with developing communities to drive change in agriculture, water and sanitation, and micro-enterprises.

EWB is one of Canada’s most respected development organizations. Our work has been recognized with a half-dozen major national and international awards and would not have been possible without the generosity of concerned global citizens like you.
